

## CII IL Education Programs - Institutions

Logistics and Infrastructure industry is booming and highly promising across the globe and hence the governing bodies and academic institutions in India lay focus on promoting courses and education programs related to these two business sector. Considering the need to improve awareness on logistics education, CII IL collaborates with various Universities and introduces full time and part time / vocational / standalone courses that would suit the needs of teaching and student communities.

### Mode of Association:

- Knowledge Partnership
