& Chairman, NICDC Logistics Data
Services (NLDS)

1050-1100 Hrs

Closing Remarks

Mr. Abhishek Prakash
Chief Executive Officer
Beumer India

1100-1115 Hrs

Break

1115 - 1300Hrs

**SESSION I: INTELLIGENT AND DIGITAL ECOSYSTEMS (DATA /
PLATFORMS / AI)**

Digital public infrastructure and advanced analytics are enabling a shift from reactive logistics to predictive, real-time decision-making. This session will focus on how technology and integrated platforms are transforming planning, visibility, compliance, and service delivery—aligned with national digital initiatives. The rise of modular technology platforms and how they unlock agility.

- Strengthening national digital logistics infrastructure through ULIP integrations and API-based interoperability.
- Practical adoption of AI and data-led decision systems in demand forecasting, route/network optimization, and disruption response
- Leveraging e-Logs / ELoGs for faster issue identification and resolution to improve ease of doing business
- Control towers, real-time visibility, and end-to-end traceability across multimodal journeys
- Data governance, cybersecurity, and operating standards for trusted logistics digitization

Freight Tiger

Panel Discussion

Mr. Pawan Gupta, Chief Purchasing Officer, Ashok Leyland

Mr. Dheeraj Madan, Head - Supply Chain Management, Snapdeal

Mr. Mohit Jauhari, Head- Supply Chain Management, Shriram Pistons & Rings Ltd.

Mr. Pratap S. Chauhan, Head - Exim, Jindal Stainless

Mr. Manish Parmar, Vice President-Supply Chain, Process Excellence & ESG Sustainability, Country Delight

1245 - 1300 Hrs Q & A Session

1300 - 1345 Hrs Lunch Break

1345 - 1515 Hrs**SESSION II: RESILIENT AND GREEN INFRASTRUCTURE -
MULTIMODAL, FUTURE READY NETWORKS**

India's logistics competitiveness depends on infrastructure that is not only expanded, but also smarter, greener, and resilient to climate and supply disruptions. This session will focus on the infrastructure blueprint needed to "Move Nation" reliably and sustainably.

- Aligning multimodal infrastructure planning with PM GatiShakti and corridor-based development
- Scaling logistics parks, integrated terminals, and modern warehousing to support manufacturing and exports
- Green logistics adoption: EV enablement, alternative fuels, renewable-powered warehousing, and efficiency-led decarbonization
- Supply chain resilience and risk management frameworks for climate, geopolitical, and demand shocks
- Improving cargo visibility and performance measurement through initiatives like LDB / LDB 2.0

Session Chairman**Mr. Shaik Asad Parwez**Head – Logistics & Warehousing,
V-Guard Industries Limited**Panel Discussion****Mr. Manoj Tripathi**, Chief Executive Officer, TCI Supply Chain Solutions**Mr. Anubhav Kumar**, Head -Strategy & Govt. 1530 – 1700 Hrs**SESSION III: REIMAGINING LOGISTICS BUSINESS MODELS-
COLLABORATION, CAPACITY, AND COMPETITIVENESS**

As customer expectations rise and supply chains become more complex, logistics providers must evolve from fragmented, transactional services toward integrated, partnership-based solutions. This session will focus on business model transformation through collaboration, multimodal integration, new service offerings, and sustainability-led differentiation—without technology-centric framing.

- Moving from point-services to integrated solutions: end-to-end logistics, warehousing, cold chain, and value-added services
- Collaborative logistics models: shared networks, aggregation, and multi-client operations to improve utilization and reduce costs
- Strengthening export competitiveness: logistics-linked warehousing, port connectivity, and trade facilitation support
- Urban freight and last-mile efficiency models: hubs, micro-fulfilment, consolidation, and congestion reduction
- Green differentiation in commercial models: sustainable warehousing and low-emission transport as customer value drivers

Session Chairman**Mr. Gopi Krishnan**

Senior Knowledge Expert-Supply Chain
Mckinsey and Company

Panel Discussion

Mr. Neeraj Sachdev, President and Chief Procurement officer CPO, Uno Minda Group

Mr. Ajay Sharma Ajay, President Supply Chain Management, Usha International
